

# The Stop The Truck! Participation Game

All aspects of game design © The Mad Max Gang. Permission granted for personal use only.

## Rules and Turn Sequence

### Concept and Board Layout

This is a participation game based loosely on the truck chase sequence from *Mad Max 2: The Road Warrior* (© Warner Bros. Entertainment PLC) designed for 4 or more players, one player is Max (The Truck) and all the others are The Gang.

The object of the game is for The Gang to stop the truck going the allotted distance, usually 100 squares. Either by colliding with it or shooting at it, in both cases trying to cause it damage. The playing area is a board of 12 squares long by 9 squares wide.

**Movement** - To save having to have a playing board 100 squares long, distance/movement is by squares relative to the truck. The truck begins the game occupying the central 4 squares of the board. If vehicles pick a move with more squares movement than the truck they move forward on the board, if less they move back.

All selected sideways movement is done on the board. Any vehicle that 'drives' off the edge of the board, or is pushed off, is out of the game.

E.g. If The Truck selects a move of 4 squares, and vehicle 'A' moves 6 squares forward and 1 left then 'A' moves 2 squares along the board and 1 square left.

If two vehicles collide then the winner of the collision occupies the square.

When the truck moves sideways, it does so in full and pushes any vehicles it contacts sideways with it generating collisions as it does so. Any vehicles pushed off the board by the truck are lost. Any player who has a vehicle destroyed may pick a new vehicle and come back on next turn, there is no end to the supply of gang vehicles.

### Gang Vehicle Templates.

Each vehicle has a template showing details. These are:-

**Driver Skill** - If this ever drops to 0 then the driver is out of the game. Also used to check driving skill if selecting a RED action. Roll 1d10 equal or less than current driver skill. If fail roll on the RED table and see what mishap has happened.

**Shooting skill** - Not all vehicles have this. If this ever drops to 0 then no further shooting is possible. Most vehicles can only shoot out of the forward 180deg arc (bike and trike can shoot 45deg backwards, harpoon van 360deg). To hit a target roll 1d10 equal or less than current shooting skill. If successful roll 1d10 on the relevant table, and apply result. Potential shooting targets are, rear crossbowman, either petrol bomber, tyres or Max if in arc. A degree of judgement is needed to decide if targets are visible through traffic.

**Structural points** - The current strength of the vehicle. If this ever drops to 0 then the vehicle is wrecked and out of the game.

**Gears** - At the start of each turn the player selects a coloured box in a gear zone. Players may go up or down one gear per turn. This gives a forward speed (in squares) and a sideways move (in squares). Some boxes are coloured RED and these require a driving roll to be made. Some boxes have a +1 or +2 in them, this is a modifier to collision damage.

**Collision chart** - If the vehicle ends up contesting a square with another vehicle roll 1d10 (with any modifiers from both the collider and the victim, in this instance any + bonus from the victim is treated as a minus to the collider) and look on the chart against the final score. Any red value is damage to self, and green value is damage to the victim.

### **The Truck Template**

Very similar to the vehicle templates and operates in exactly the same way for movement. Differences are that there is a track for:-

**Rear crossbowman** - This is their shooting skill, when it gets to 0 then no more shooting. This crossbowman will shoot at the nearest vehicle in the rear 180deg arc.

**Two petrol bombers** - On the top of the truck with their possible drop locations. These locations are selected at the same time as movement, so it's a bit of luck/skill to select a square that will have a vehicle in it at the end of all movement. When the points of the petrol bomber are reduced to 0 then the petrol bomber is removed.

**Tyres** - Are a potential target. For every imbalance of two burst tyres on a side the truck pulls one square in that direction every turn. The front tyres of the truck are protected and are not a potential target.

**Max** - Occupies the second square of the truck and can shoot 180deg forward if the cab part of the truck (the front two squares) has not been involved in a collision. Select target and roll 1d10 equal or less than his current skill, then roll 1d10+2 on the relevant table. Max ignores any collision results that reduce driver skill, but the truck still loses the stated structural points. The truck is just too big.

**Moves in top gear** - These are limited to four turns or else the truck just races off into the sunset. For every top gear move after the fourth the truck takes two points of structural damage.

**Optional rule** - Used when there are a lot of gang vehicle players as a balance mechanism. Every time a gang vehicle is eliminated from the game the truck regains two structural points.

### **Move sequence**

1. All players select movement (a coloured box). Truck selects movement and selects boxes for petrol bombs to land in.
2. Truck declares its forward speed.
3. Move all vehicles in order, lightest first to heaviest.
4. Any vehicles that have done a RED action roll against their driver skill and roll on chart of failed, apply results.

5. After all vehicles have moved do any collision rolls from vehicles trying to occupy the same square. If a vehicle is bumped sideways do any rolls from any subsequent collisions.
6. Move the truck sideways. Do any additional collisions.
7. Check to see if any vehicles are in a square selected as a petrol bomb location. If so then roll 1d10 on the petrol bomb chart and apply result.
8. All vehicles not involved in a collision or hit by a petrol bomb that have a shooting skill may shoot. Select target, roll 1d10 equal or less than current skill, is successful roll 1d10 on the relevant target table and apply result.

**Damage / shooting tables.**

**At vehicles, after hit roll 1d10 for effect.**

1. Hit vehicle, no effect.
2. 1 point of structural damage.
3. 1 point of structural damage.
4. 1 point of structural damage, 1 point off driving and shooting skills
5. 2 points of structural damage, 1 point off driving and shooting skills
6. 3 points of structural damage, 1 point off driving and shooting skills
7. 4 points of structural damage, 2 points off driving and shooting skills.
8. 1 point of structural damage, 1 point off driving and shooting skills, make RED driving roll now.
9. 2 points of structural damage, 2 points off driving and shooting skills, make RED driving roll now.
10. Hand weapon destroyed (no shooting), 3 points off driving and shooting skills.
11. Roll twice.

**At petrol bombers / crossbowman / harpoon van harpoonist, roll 1d10.**

1. Hit truck no effect.
2. 1 point of damage.
3. 1 point of damage.
4. 1 point of damage.
5. 2 points of damage.
6. 2 points of damage.
7. 2 points of damage.
8. 3 points of damage.
9. 4 points of damage.
10. 5 points of damage.
11. Dead.

**At tyres, roll 1d10.**

1. No effect
2. No effect
3. No effect
4. No effect

5. No effect
6. Burst
7. Burst
8. Burst +1 pt structural damage to truck.
9. Burst +1 pt structural damage to truck.
10. Burst +1 pt structural damage to truck.
11. Burst +2 pts structural damage to truck.

**At Max, roll 1d10.**

1. Hit truck, no effect.
2. 1 point of structural damage.
3. 1 point of structural damage.
4. 1 point of structural damage, 1 point off Max.
5. 2 points of structural damage, 1 point off Max.
6. 3 points of structural damage, 1 point off Max.
7. 4 points of structural damage, 2 points off Max.
8. 1 point of structural damage, 1 point off Max, make RED driving roll now.
9. 1 point of structural damage, 1 point off Max, make RED driving roll now.
10. Shotgun destroyed (no shooting), 3 points off Max
11. Roll twice.

**At the bike, roll 1d10.**

1. 1 point structural damage
2. 1 point of structural damage
3. 2 points of structural damage
4. 2 points of structural damage, 1 off driving and shooting skills
5. 2 points of structural damage, 2 off driving and shooting skills
6. 3 points of structural damage, 2 off driving and shooting skills, make RED driving roll.
7. 4 points of structural damage, 2 off driving and shooting skills. Make RED driving roll.
8. Dead
9. Dead
10. Dead
11. Dead

**Petrol bomb hit effects, roll 1d10**

1. Goes off in hand, 1d10/2 to petrol bomber
2. 1 point of structural damage.
3. 2 points of structural damage.
4. 3 points of structural damage, 1 point off driving and shooting skills.
5. 3 points of structural damage, 1 point off driving and shooting skills.
6. 4 points of structural damage, 1 point off driving and shooting skills.
7. 4 points of structural damage, 1 point off driving and shooting skills.

8. 5 points of structural damage, 2 points off driving and shooting skills.
9. 6 points of structural damage, 2 points off driving and shooting skills.
10. No explosion

#### **Failing a RED driving roll, roll 1d10**

1. Hit pothole, 1 point of structural damage to car.
2. Driver hit by stone, 1 point off driving and shooting skills.
3. Binding brakes, no top gear.
4. Steering problem, do only yellow actions.
5. Engine fire, take 1d10/2 structural damage.
6. Clutch failure, stuck in current gear for rest of game.
7. Hit kangaroo, take 1d10 damage points. These may come off any combination of skills or structure points.
8. Loose a gear, player's choice.
9. Roll twice on this table.
10. Big accident, roll driver skill or less to come out of the wreck alive. (does not apply to Max)

#### **Notes**

**The Bike** - Can shoot up to 45deg backwards. Can adjust one square in any direction to avoid a collision, but cannot shoot this turn. May go up or down two gears a turn.

**The Trike** - Can shoot up to 45deg backwards. Can adjust one square sideways to avoid a collision, but cannot shoot this turn.

**The Harpoon Van** - Can shoot 360deg but takes a full turn to reload. Harpoon adds +1 to damage dice roll.

**The Blue Slasher** - When it collides with the truck either the rear of the cab (square 2) or the tanker section (squares 3 and 4) and does damage to the truck it can do a driving roll and if successful, equal or less than driving skill, it bursts a tyre on that side.

**Max** - Adds +2 to damage rolls when hits from shooting (shotgun). Ignores –driving skill penalties from vehicle collisions. May not shoot if performing a RED action or the cab section (first two squares) of the truck is involved in a collision.

If Max is being overwhelmed by too many gang players (6 or more?) suggest one vehicle comes on on the Truck's side.

**The AutoGyro** - Comes on The Truck's side. It has only one gear and will tend to fly down the board and disappear. The AutoGyro can either drop petrol bombs or snakes. Use flying skill with modifiers as noted on the sheet to achieve a hit. If using petrol bombs if hit achieved roll 1d10 on the **petrol bomb table**. If dropping snakes roll 1d10 on following table. Roll at the beginning of each turn until the snake falls out or is shot. When shooting at the snake any hit kills it, any miss hits the vehicle and roll 1d10 on the **vehicle damage table**

- 1 Snake does nothing.
- 2 Driver distracted, pick yellow move this turn.

- 3 Driver distracted, pick yellow this turn, no shooting.
- 4 Driver distracted, pick straight action this turn.
- 5 Driver distracted, pick straight action this turn, no shooting,
- 6 Snake bites driver, 1 point off driving and shooting skills
- 7 Snake bites driver, 1 point off driving and shooting skills, must pick RED action
- 8 Snake bites driver, 2 points off driving and shooting skills, no shooting this turn.
- 9 Snake bites driver, 2 points off driving and shooting skills.
- 10 Snake falls out of vehicle, snake threat over.

# TURN SEQUENCE

- 1. Dice for snake action or re-appearance (1:10).**
- 2. Pick manouver.**
- 3. Truck declares forward speed.**
- 4. Move cars in order**
  - 1. Open Dirt Buggy**
  - 2. Blke**
  - 3. Stock Car**
  - 4. Light Trike**
  - 5. Green Mesh Buggy**
  - 6. Green Stopper**
  - 7. Jeep** *Blue*
  - 8. Harpoon Van**
  - 9. Blue Slasher**
  - 10. Auto Gyro**
  - 11. Plated Wrecker**
  - 12. The Wagon**
- 5. Move Truck sideways**
- 6. Do driving rolls if required**
- 7. Do ramming damage**
- 8. Do petrol bomb damage**
- 9. Drop snakes or bombs from auto-gyro**
- 10. Do shooting**

To cross gorge (not by bridge)

If attempting to cross, roll equal or less than current drivers skill and compare to chart below, of course no shooting is allowed whilst crossing ravine.

- 1st gear. O.K. no roll reqd. } drove across
- 2nd gear roll made - O.K. }  
roll failed - roll on blue table
- 3rd gear roll made - roll on red table. }  
roll failed - roll twice on red table.
- 4th gear roll made - O.K. }  
roll failed - roll on blue table
- 5th gear roll made - roll on blue table } Jumped it  
roll failed - roll on red table

Should an attempt to emergency stop be made and fail then the car counts as being in the same gear as no. of squares it overshoots the near edge

TURN SEQUENCE.	
1.	DICE FOR SNAKE ACTION OR REAPPEARANCE (1 IN 10)
2.	PICK MANOUVER
3.	TRUCK DECLARES FORWARD SPEED.
4.	MOVE CARS IN ORDER a. OPEN DIRT BUGGY b. BIKE c. GREEN MESH BUGGY d. BROWN STOPPER e. HARPOON VAN f. BLUE SLASHER g. AUTO-GYRO (light blue <del>STUCK CAR</del> Jeep) (Plate 2 → 3)
5.	MOVE TRUCK SIDEWAYS
6.	REPOSITION AUTO-GYRO
7.	DO DAMING ROLLS IF READ.
8.	DO RAMMING DAMAGE
9.	DO PETROL BOMB DAMAGE
10.	DROP SNAKES OR BOMBS FROM AUTO GYRO
11.	DO SHOOTING

Running into bridge abutments.  
 Cars suffer as many points of damage as squares they were going x 1/2 round down.  
 ie car doing 6 squares forward suffers 9 pts of damage (8 - 3 to drivers skill).

Roll	AT PETROL BOMBER OR GUNNER	AT TYPES	AT MAX.	Roll	AT CARS	AT BIKE	Roll

NOTE:- MAX'S SHOTGUN ~~AND~~ ADDS + 2 TO EFFECT DIE ROLL

'A TEAM' VANS CROSSBOW ADDS + 1 TO EFFECT DIE ROLL

BIKES MAY MOVE ONE EXTRA SQUARE SIDE WAYS TO AVOID A RAM.

ALL SHOOTING AT BIKES IS AT - OFF SHOOTING SKILL

NO SHOOTING ALLOWED WHEN DOING A RED MANOUEVER, RAM OR EMERGENCY STOP OR OFF THE BOARD. OR IF A BIKE FORCED TO AVOID A RAM.

PETROL BOMB CHART	
01	EARLY EXPLOSION 1d6 pts to bomber
02	1 POINT STRUT, 1 PT. TO DRIVER
03	2 POINTS STRUT, 2 PTS TO DRIVER
04	3 POINTS STRUT, 2PTS TO DRIVER
05	3 POINTS STRUT, 3PTS TO DRIVER
06	4 POINTS STRUT, 3 PTS TO DRIVER
07	4 POINTS STRUT, 4 PTS TO DRIVER
08	5 POINTS STRUT, 5 PTS TO DRIVER
09	6 POINTS STRUT, 6 PTS TO DRIVER
10	NO EXPLOSION

## BLUE ROLL

01. MISS GEAR DO ONE GEAR LOWER MANOWER NEXT GO
02. DUST IN EYES, DO STRAIGHT NEXT GO, NO SHOOTING.
03. UNDER STEER, GO ONE SQUARE AWAY FROM STRAIGHT.
04. OVER STEER, GO ONE SQUARE TOWARDS STRAIGHT.
05. STEERING LINK PROBLEM, ADD ONE TO DIE ROLL ON RED ACTIONS.
06. LOSS OF ONE GEAR (1/4+1) MAY JUMP PAST.
07. TYRE PROBLEM, VEHICLE ALWAYS STEERS 1 SQUARE LEFT OF DESIRED
08. TYRE PROBLEM, VEHICLE ALWAYS STEERS 1 SQUARE RIGHT OF DESIRED
09. FULE BLOCKAGE, NO TOP SQUARE SPEED IN ANY GEAR.
10. ROLL ON RED TABLE.

## RED ROLL

01. STEERING PROBLEMS, ADD 2 TO DIE ROLLS ON RED ACTIONS
02. HIT POTHOLE, 1 POINT STRUCT. DAMAGE TO CAR.
03. HIT BY STONE, 1 POINT DAMAGE TO DRIVER
04. CRACKED CHASSIS, DO NO RED, COUNT BLUE AS RED, ALL TOP GREEN AS BLUE.
05. NO BRAKES, NO EMERGENCY STOP.
06. CLUTCH FAILURE, STUCK IN PRESENT GEAR FOR REST OF GAME.
07. BINDING BRAKES, NO TOP GEAR
08. ENGINE FIRE, DO ONLY GREEN, WILL GO OUT IN 206 GO'S
09. ROLL TWICE ON THIS TABLE
10. BLOWN IT. ROLL LESS THAN DRIVERS SKILL TO COME OUT OF WRECK.

## SEQUENCE

01. PICK ACTION
02. TRUCK DECLARES FORWARD SPEED.
03. MOVE CARS IN ORDER :: PETER'S BUGGY.  
BIKES  
GREEN STOPPER.  
'A' TEAM.  
BLUE SLASHER.
04. DO DRIVING ROLLS IF REQD, DO DAMAGE ETC.
05. MOVE TRUCK SIDEWAYS AND RE-ARRANGE CARS AS REQD.
06. DO ANY RAMMING DAMAGE.
07. DO PETROL BOMB DAMAGE.
08. DO SHOOTING.

## Snakes: -

When a successful snake drop is made roll on following table for two turns at start of sequence, and apply results before movement is decided.

After two turns snake "goes to sleep" if not destroyed or ejected. It will wake up on a roll of 1 ~~or~~ on a d10 (dice each turn) and then be active for two turns.

### Snake table. (roll d 10)

- 1/ Snake does nothing
- 2/ Snake distracts driver, must do green this turn.
- 3/ Snake distracts driver, must do green, no shooting this turn.
- 4/ " " " do straight this go
- 5/ " " " " " " " no shooting
- 6/ Driver startled, must do a blue maneuver this go.
- 7/ " " " " " " " " no shooting
- 8/ " " " " " red " " "
- 9/ Snake does nothing this go but stays active for two more turns
- 10/ Snake bites driver & does 2 pts of damage, do red drive roll at new ability.

Snakes may be shot, any hit kills a snake, a miss is treated as a hit "vs car"

## Move Sequence.

1/ Dice for snake action or reappearance.

2/ Pick Action

3/ ~~the~~ Truck declares forward speed.

4/ Move cars in order.

- Open Dirt Buggy
- Bike
- Green Mesh Buggy
- Brown Stopper
- Harpoon Van
- Blue Slasher
- Auto gyro

5. Move truck Sideways

6. Reposition auto-gyro

7. Do driving rolls if required and roll on tables

8. Do ramming damage

9. Do petrol bomb damage/snake dropping

10. Do Shooting.

May drop either a petrol bomb, and target if hit takes a 1d10 roll on the bomb table.

Or may drop a snake, the target car must take a 'snake' card every turn until the snake is disposed of.
